### HOME FELLOWSHIP QUESTIONS

Icebreaker: When was the last time you fell asleep in church on a Sunday? (It's okay to admit it; it happens. Luckily you didn't have a Eutychus slip ☺).

1. How is Acts 20:7 an amazing indirect evidence for the resurrection of Jesus? Discuss the context of Jewish Sabbath and Jewish Christians worshipping on the Lord's Day.
2. When it comes to church attendance on a Sunday, many Christians have minimized its importance, allowing sports, work and recreation to cramp out attendance (not to mention sin, e.g., hang over from Saturday night partying, etc.). What challenges your Sunday commitments the most and how do you handle them to remain faithful to our heritage as Christians and our honor to God?
3. In Acts 20:8-12, we read the scene of God raising the dead boy through Paul. If this happened in our church today, what do you think your gut reaction would be: to do what Paul did or something else? How does our reactionary behavior reveal the depth of our beliefs and even the power of our anxieties?
4. Go over the 4 points in the conclusion. What did you find most encouraging in this section? What was most challenging?
5. How can you Home Fellowship pray for you this week in the area of your schedule and priorities?
